Vehicle Information Report Request Form

Before buying a vehicle in Alberta you can choose to have a Vehicle Information Report printed. We can run a search from the data you provide, then mail or fax you the resulting document. A VIR will show you the 1st time the vehicle was registered in Alberta, the number of registered owners (not their names), the number of liens against it (not the debtor's names) and if the vehicle has ever been written off.

The cost for each search is $25.84*. Fill out this printed form with the most specific information you have and mail to: **All Licenses Ltd. 3012 - 106 Street Edmonton, Alberta T6J 5M5**
or fax to: **All Licenses Ltd. 1 (780) 463-8721** (faxed requests are payable by credit card only)
